

Soccer Academy Program

SAM School is proud to host the St. Albert Soccer Academy program for students in Grades 4, 5 and 6. Our Soccer Academy program focuses on a skill-centred model for player development and is open to students of all skill levels. In welcoming student-athletes who are passionate about soccer and being active, the academy will provide an environment that encourages respect, enthusiasm, confidence, cooperation and independence.

Academic Challenge & Enrichment

SAM School also offers the division's Academic Challenge & Enrichment (ACE) program for students in Grades 4,5 and 6. ACE offers in-depth explorations and extensions of the curriculum to help keep your gifted child engaged and motivated to reach further. The program provides unique learning opportunities that challenge your children and feed their curiosity and passion for knowledge and growth.
